Advising Appointment

Major

1. From pre-major to major.
    1. Apply after finish the required courses.
    2. Apply requirement
2. Difference between CIS & CSE.
    1. CSE more engineer and math classes.
    2. CIS more computer-related classes (non-technical elective).
    3. CSE has a BS in Engineering, more competitive for engineering jobs.
    4. CSE has extra fees for the engineering program.
3. BA | BS?
    1. BS has more Math and Science.
    2. BA has certain fields of study.
    3. Same computer courses.
4. How to change to CSE?
    1. Change to pre-CSE, no direct application.
    2. Differences? GE, courses, etc.
        1. No foreign language GE (already fullfilled by Chinese).
        2. More Math, Engineering, and Science courses.
    3. Timeline.
        1. Apply after finish the required courses (estimate AU23).
5. Degree audit no AU22.
    1. Problem reported.

Credits

1. How many credits I already have (AP)?
    1. 9 (12 - 3 retake Java).

Minor

1. Available minors and available times.
    1. All minors are available.
    2. Pre approved?
        1. Minors related with CS but not CS itself.
2. When to declare minor?
    1. After finished the required courses (12 - 15 credits).
    2. Minor credits may overlap GEs.
3. Where to find?
    1. Minors list
4. Relationship with major.
    1. No need to have relationship with major.
5. Technical electives?
    1. Related with CS, but not CS itself.

Honorary program

1. What?
    1. Graduation with honors.
    2. Harder classes taught by higher level professors.
    3. Pre-schedule classes.
2. How?
    1. [Honorary program](#)

GE

1. How many do I need to complete?
    1. [GE requirements](#)
2. Vary by major?
    1. No. New GE requirements are identical for all majors.
3. How many I have completed (AP & first semester)?
    1. Microeconomics.

GPA

1. How's it calculated?
    1. More credits have greated weight.
    2. [GPA calculator](#)

Course selection

1. When?
    1. To be determined.
2. Which courses are required (english, math, .etc)?
    1. Degree audit.
3. Naming system.
    1. Larger number means more advanced.
4. How to choose? Pre-schedule?
    1. To be taught on survey.
    2. Select by yourself, advisor can help.
